

Streamline

## STREAMLINE PRE-PURCHASE SUCCESS CHECKLIST

Please carefully review each point on the checklist below to ensure that the purchased ceramic toilet aligns with the needs and style of your bathroom.

**If these pre-purchase criteria do not align with your current order, please contact us for assistance in canceling your order and exploring suitable alternatives, or cancel your order through your retailer's online account promptly to prevent shipment.**

### Overall Dimensions

Have you confirmed that the toilet dimensions will fit your installation space? Have you had a chance to review the product specifications? Does the rough-in size align with your space requirements?

### Bowl Shape

What bowl shape are you considering? Would you prefer an elongated, round, or square design?

### Installation Type

Are you looking for a one-piece, two-piece, or wall-hung toilet?

### Flushing Technology

What type of flushing system are you interested in? Would you prefer a siphonic jet, gravity-fed, pressure-assisted, or power flush toilet?

### Handle Location

Where would you prefer the flush handle to be located – on the top, right, or left side of the toilet?

### Flush Type

Would you prefer a single flush or dual flush toilet?

### Delivery

If shipping to a store, have you planned for someone to receive or pick up the toilet? Could you confirm that we have the correct contact information for the recipient?
